

IGOR BORGES VARGAS

Junior Backend Developer | Python • FastAPI • REST APIs | Python Automation

Caxias do Sul – RS, Brazil | (54) 98157-5315 | igorvargasborges@gmail.com | linkedin.com/in/igorborgesvargas | github.com/igorVargas27 | behance.net/igorvargas2

OBJECTIVE

Junior Fullstack Developer, focused on building APIs with FastAPI and web applications.

PROFESSIONAL SUMMARY

Software Engineering student (UCS) focused on backend development using Python and FastAPI. Hands-on experience with REST APIs, CRUD operations, process automation, and web applications, applying code organization concepts and development best practices. Knowledge of Python, JavaScript, HTML, CSS, Git, SQLite, and data automation with Python and Excel. Analytical profile with a focus on problem-solving and continuous learning. Seeking an internship or junior position to keep growing technically and contribute to real-world solutions.

TECHNICAL SKILLS

- Languages: Python, C#, JavaScript
- Backend: FastAPI (REST APIs, CRUD), Pydantic, SQLite
- Frontend: HTML, CSS
- Tools: Git, GitHub, Insomnia, Advanced Excel
- Other: Programming logic, process automation

PROJECTS

Task Management API

- REST API built with FastAPI, including CRUD operations, data validation with Pydantic, and SQLite database integration.

Spreadsheet Automation

- Python script to automate data entry and organization in Excel, reducing repetitive manual tasks.

Responsive Website

- Website built with HTML, CSS, and JavaScript, with a responsive layout for different screen sizes.

PROFESSIONAL EXPERIENCE

Warehouse Keeper — Suspensys Nov/2024 – Jun/2025

- Data control, inventory organization, and use of spreadsheets and internal systems.

CNC Machine Operator — Ângulo Protótipos May/2024 – Jun/2024

- Operation of computer numerical control (CNC) machines, technical reading, and quality control.

EDUCATION

Bachelor's in Software Engineering — Universidade de Caxias do Sul (UCS)

March 2023 – March 2028

CERTIFICATIONS

- Modern AI Fundamentals: Machine Learning, LLMs, Generative AI, and Agents
- Large Language Model Fundamentals
- Excel
- Introduction to e-Sports

LANGUAGES

Portuguese (Native) | English (Fluent)
